

PREFACE

Welcome to the *2025 AILA Web Seminar Practice Advisories Handbook*, a compendium of the practice advisories submitted as CLE-approved accompaniments to the web seminars conducted by AILA throughout the past year. It collects a wealth of information and practical advice from some of the foremost authorities in the various subject areas of immigration law.

The handbook begins with advisories covering law practice management and ethics. Following that, you'll find expert analysis and guidance on a wide range of substantive topics, including business immigration, asylum and removal, family and humanitarian issues, and more. Affixed to the top of each advisory is a URL linking to the AILA web seminar associated with it. These URLs also are listed in the Table of Contents beneath each corresponding advisory's title and authors.

Thanks go out to all the contributing authors for finding time within their busy schedules to write these advisories and, ultimately, make this book possible. These colleagues of yours volunteered their time and expertise to ensure the advisories you read are of the highest quality possible.

***Note:** Content contained in each advisory of this book is current as of the date of the web seminar associated with it, so please do not rely on it as your sole source of information. Instead, use the materials in this book as part of more exhaustive legal research.
