

procedures meeting the transmission, handling, and storage requirements of SSI set forth in 49 CFR part 1520.<sup>6</sup>

TSA estimates SD 1580/82–2022–01 applies to a total of 73 Owner/Operators; and SD 1580–21–01, SD 1582–21–01, and Surface Transportation IC–2021–01 apply to 449 railroad Owner/Operators, 242 public transportation agencies and rail transit system Owner/Operators, and 72 over-the-road bus Owner/Operators, for a total of 836 respondents. TSA estimates the annual hour burden to be 210,661.

In terms of the revision to include the STA requirement, TSA anticipates that only nine or fewer Owner/Operators will need to respond annually to the STA requirement for a non-U.S. citizen to be designated as Cybersecurity Coordinator. However, the burden scope estimates presume that 10 or more Owner/Operators could respond. TSA estimates that if there are 10 non-U.S. citizen respondents, based on other information collection STA burdens, they will spend approximately 0.25 hours to compile and submit the information, a total of 2.5 burden hours. Should TSA require a fingerprint based criminal history records check, there would be an additional time burden of approximately 2 hours per respondent, a total of 20 burden hours.

For this collection, TSA estimates the total annual respondents to be 846 and the total annual hour burden to be 210,684 hours.

**SUPPLEMENTARY INFORMATION:**

### Comments

You may access the information collection instrument with instructions or additional information by visiting the Federal eRulemaking Portal site at: <https://www.regulations.gov> and entering USCIS–2010–0014 in the search box. Comments must be submitted in English, or an English translation must be provided. All submissions will be posted, without change, to the Federal eRulemaking Portal at <https://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to consider limiting the amount of personal information that you provide in any voluntary submission you make to DHS. DHS may withhold information provided in comments from public viewing that it determines may impact the privacy of an individual or is offensive. For additional information, please read the Privacy Act notice that is available via the link in the footer of <https://www.regulations.gov>.

Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

### Overview of This Information Collection

(1) *Type of Information Collection:* Extension, Without Change, of a Currently Approved Collection.

(2) *Title of the Form/Collection:* myE-Verify Program.

(3) *Agency form number, if any, and the applicable component of the DHS sponsoring the collection:* G–1499; USCIS.

(4) *Affected public who will be asked or required to respond, as well as a brief*

*abstract: Primary:* Individuals or households. The myE-Verify (previously E-Verify Self Check) collection allows workers in the United States to enter data into the E-Verify system to ensure that the information relating to their eligibility to work is correct and accurate. This is necessary so that workers in the United States can correct their records before a hiring decision is made. This will lead to a more reliable and accurate E-Verify system that works better for both employers and employees.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated total number of annual respondents for the information collection G-1499 (self-check) is 335,000 and the estimated hour burden per response is 0.1161 hours; and the estimated total number of annual respondents for the information collection G-1499 (account creation) is 25,000 and the estimated hour burden per response is 0.250 hours.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The estimated total annual hour burden associated with this collection is 45,153 hours.

(7) *An estimate of the total public burden (in cost) associated with the collection:* The estimated total annual cost burden associated with this collection of information is \$0. There are no mailing or other costs associated with this collection of information.

Dated: April 8, 2026.

### Bureau of Land Management

[A2407-014-004-065516; #O2412-014-004-047181.1; LLESJ00000]

#### **Notice of Realty Action: Recreation and Public Purposes Act Classification; Rapides and LaSalle Parishes, Louisiana**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of realty action.

**SUMMARY:** The Bureau of Land Management (BLM) Southeastern States District Office proposes to classify approximately 158.41 acres of public

land for lease and/or subsequent conveyance in accordance with the Recreation and Public Purposes Act, as amended (R&PP) to the Louisiana Department of Wildlife and Fisheries (LDWF). The LDWF has filed an application to develop and manage the lands for recreational activities such as hunting, trapping, boating, camping, and bird watching. The BLM is seeking public comments as to the suitability of the lands for lease or conveyance under the R&PP Act. This notice segregates the land from all other forms of appropriation under the public land laws, including the general mining laws, except for lease/conveyance under the R&PP Act, and leasing under the mineral and geothermal leasing laws, and initiates a period for the public to comment on or protest the proposed classification of the parcel for lease or conveyance.

**DATES:** Interested parties may submit written statements with their comments regarding the proposal to classify the lands for lease or conveyance for development by the LDWF, on or before June 1, 2026.

**ADDRESSES:** Mail written statements to the BLM Southeastern States District Office, Will Harris, Realty Specialist, 273 Market Street, Flowood, Mississippi 39232.

**FOR FURTHER INFORMATION CONTACT:** Will Harris, Realty Specialist, by telephone at 601-919-4685, or by email at [wgharris@blm.gov](mailto:wgharris@blm.gov). Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

**SUPPLEMENTARY INFORMATION:** The proposed R&PP classification and lease/sale is consistent with the BLM's Louisiana Approved Land Use Plan, dated September 2002. The subject tract is located within the Rapides and LaSalle Parishes and are legally described as:

**Louisiana Meridian, Louisiana**

T. 5 N., R. 3 E.,  
Sec. 26, NW<sup>1</sup>/<sub>4</sub>.

The area described contains 158.41 acres.

Publication of this notice segregates the lands described above from all other forms of appropriation under the public land laws, including the general mining laws, except for lease/conveyance under the R&PP Act, and leasing under the mineral and geothermal leasing laws.

The LDWF proposes to develop and manage the lands for recreational activities such as hunting, trapping, boating, camping, and bird watching. The subject lands are located within the Dewey W. Wills Wildlife Management Area. The proposed realty action would increase oversight potential of the tract by state government personnel resulting in a reduction of unauthorized trespass issues, improved management of invasive plant species, regained soil stability, and expanded public recreation experiences. Plans for the R&PP project include construction of a parking lot and boat launch, property boundary identification, entrance gate painting and invasive species reduction and control.

The lease, when issued, would be subject to specific terms and conditions identified as mitigation provisions, or otherwise as identified in the related EA. The conveyance document, if and when issued, would be subject to the provisions of the R&PP Act, to all applicable regulations of the Secretary of the Interior, and the following terms and conditions:

1. Valid existing rights.
2. Any other rights or reservations that the authorized officer deems appropriate to ensure public access and proper management of Federal land and interests.
3. A reservation of all mineral deposits in the lands so patented, and the right of the United States, or persons authorized by the United States, to prospect for, mine and remove such deposits from the same under applicable laws and regulations as the Secretary of the Interior may prescribe.
4. The following covenants:
  - a. The lessee/patentee, its successors or assigns, by accepting a lease/patent, agrees to indemnify, defend, or hold the United States, its officers, agents, representatives, and employees (hereinafter "United States") harmless from any costs, damages, claims, causes of action, penalties, fines, liabilities, and judgments of any kind or nature arising out of, or in connection with the lessee's/patentee's use, occupancy, or operations on the leased/patented real property.
  - b. If any cultural resources are encountered during project ground-disturbing activities, work would cease, and the applicant shall contact the BLM immediately. Work shall not resume until written authorization to proceed was issued by both regulatory agencies.
  - c. A licensed archeologist shall be present during the initial ground disturbance activities. In addition, prior to the start of any excavation of the project site, the BLM shall be notified.
