Immigrant Numbers for September 2026

A. Statutory Numbers for Preference Immigrant Visas

This bulletin summarizes the availability of immigrant numbers during September for “Final Action Dates” and “Dates for Filing Applications,” indicating when immigrant visa applicants should be notified to assemble and submit required documentation to the National Visa Center.

Unless otherwise indicated on the U.S. Citizenship and Immigration Services (USCIS) website at www.uscis.gov/visabulletininfo, individuals seeking to file applications for adjustment of status with USCIS must use the “Final Action Dates” charts below for determining when they can file such applications. When USCIS determines that there are more immigrant visas available for the fiscal year than there are known applicants for such visas, USCIS will state on its website that applicants may instead use the “Dates for Filing Visa Applications” charts in this Bulletin.

1. **Procedures for determining dates.** Consular officers are required to report to the Department of State documentarily qualified applicants for numerically limited visas; USCIS reports applicants for adjustment of status. Allocations in the charts below were made, to the extent possible, in chronological order of reported priority dates, for demand received by August 10th. If all reported demand could not be satisfied, the category or foreign state in which demand was excessive was deemed oversubscribed. The final action date for an oversubscribed category is the priority date of the first applicant who could not be reached within the numerical limits. If it becomes necessary during the monthly allocation process to retrogress a final action date, supplemental requests for numbers will be honored only if the priority date falls within the new final action date announced in this bulletin. If at any time an annual limit were reached, it would be necessary to immediately make the preference category “unavailable”, and no further requests for numbers would be honored.
2. The fiscal year 2026 limit for family-sponsored preference immigrants determined in accordance with Section 201 of the Immigration and Nationality Act (INA) is 226,000. The worldwide level for annual employment-based preference immigrants is 186,317. Section 202 prescribes that the per-country limit for preference immigrants is set at 7% of the total annual family-sponsored and employment-based preference limits, i.e., 28,862. The dependent area limit is set at 2%, or 8,247.
3. INA Section 203(e) provides that family-sponsored and employment-based preference visas be issued to eligible immigrants in the order in which a petition on behalf of each has been filed. Section 203(d) provides that spouses and children of preference immigrants are entitled to the same status, and the same order of consideration, if accompanying or following to join the principal. The visa prorating provisions of Section 202(e) apply to allocations for a foreign state or dependent area when visa issuances will exceed the per-country limit. These provisions apply at present to the following

oversubscribed chargeability areas: CHINA-mainland born, INDIA, MEXICO, and PHILIPPINES.

4. Section 203(a) of the INA prescribes preference classes for allotment of Family-sponsored immigrant visas as follows:

Family-Sponsored Preferences

First: (F1) Unmarried Sons and Daughters of U.S. Citizens: 23,400 plus any numbers not required for fourth preference.

Second: Spouses and Children, and Unmarried Sons and Daughters of Permanent Residents: 114,200, plus the number (if any) by which the worldwide family preference level exceeds 226,000, plus any unused first preference numbers:

- A. **(F2A)** Spouses and Children of Permanent Residents: 77% of the overall second preference limitation, of which 75% are exempt from the per-country limit.
B. **(F2B)** Unmarried Sons and Daughters (21 years of age or older) of Permanent Residents: 23% of the overall second preference limitation.

Third: (F3) Married Sons and Daughters of U.S. Citizens: 23,400, plus any numbers not required by first and second preferences.

Fourth: (F4) Brothers and Sisters of Adult U.S. Citizens: 65,000, plus any numbers not required by first three preferences.

A. Final Action Dates for Family-Sponsored Preference Class

On the chart below, the listing of a date for any class indicates that the class is oversubscribed (see paragraph 1); "C" means current, i.e., numbers are authorized for issuance to all qualified applicants; and "U" means unauthorized, i.e., numbers are not authorized for issuance. (NOTE: Numbers are authorized for issuance only for applicants whose priority date is **earlier** than the final action date listed below.)

For September, F2A numbers EXEMPT from per-country limit are authorized for issuance to applicants from all countries with priority dates earlier than 22AUG25. F2A numbers SUBJECT to per-country limit are authorized for issuance to applicants chargeable to all countries EXCEPT MEXICO, with priority

dates beginning 22AUG25 and earlier than 22AUG26. All F2A numbers provided for MEXICO are exempt from the per-country limit.

B. Dates for Filing Family-Sponsored Visa Applications

The chart below reflects dates for filing visa applications within a timeframe justifying immediate action in the application process. Applicants for immigrant visas who have a priority date earlier than the application date in the chart below may assemble and submit required documents to the Department of State's National Visa Center, following receipt of notification from the National Visa Center containing detailed instructions. The application date for an oversubscribed category is the priority date of the first applicant who cannot submit documentation to the National Visa Center for an immigrant visa. If a category is designated "current," all applicants in the relevant category may file applications, regardless of priority date.

A "C" listing indicates that the category is current, and that applications may be filed regardless of the applicant's priority date. The listing of a date for any category indicates that only applicants with a priority date which is **earlier** than the listed date may file their application.

Visit www.uscis.gov/visabulletininfo for information on whether USCIS has determined that this chart can be used (in lieu of the chart in paragraph 4.A.) this month for filing applications for adjustment of status with USCIS.

L. 105-139, provides that once the Employment Third Preference Other Worker (EW) final action date has reached the priority date of the latest EW petition approved prior to November 19, 1997, the 10,000 EW numbers available for a fiscal year are to be reduced by up to 5,000 annually beginning in the following fiscal year. This reduction is to be made for as long as necessary to offset adjustments under the NACARA program. Since the EW final action date reached November 19, 1997 during Fiscal Year 2001, the reduction in the EW annual limit to 5,000 began in Fiscal Year 2002. For Fiscal Year 2026 this reduction will be limited to 116.

B. Diversity Immigrant (DV) Category for the Month of September

Section 203(c) of the INA provides up to 55,000 immigrant visas each fiscal year to permit additional immigration opportunities for persons from countries with low admissions during the previous five years. The NACARA stipulates that beginning with DV-99, and for as long as necessary, up to 5,000 of the 55,000 annually allocated diversity visas will be made available for use under the NACARA program. Visa numbers made available to NACARA applicants in FY 2025 will result in reduction of the DV-2026 annual limit to 54,883. Section 5104 of the National Defense Authorization Act (NDAA) for Fiscal Year 2024 amended the NACARA's provisions on the DV program such that the number of visas made available under the NDAA each fiscal year will be deducted from the 55,000 DVs annually allocated. These amendments will further reduce the DV-2026 annual limit to 52,101. DVs are divided among six geographic regions. No one country can receive more than seven percent of the available diversity visas in any one year.

For September, immigrant numbers in the DV category are available to qualified DV-2026 applicants chargeable to all regions/eligible countries as follows. When an allocation cut-off number is shown, visas are available only for applicants with DV regional lottery rank numbers BELOW the specified allocation cut-off number:

Region	All DV Chargeability Areas Except Those Listed Separately	
AFRICA	101,250	Except: Algeria 85,000 Egypt 50,000
ASIA	40,000	Except: Nepal 13,500
EUROPE	47,500	

NORTH AMERICA (BAHAMAS)	Current	
OCEANIA	3,000	
SOUTH AMERICA, and the CARIBBEAN	4,750	

Entitlement to immigrant status in the DV category lasts only through the end of the fiscal (visa) year for which the applicant is selected in the lottery. The year of entitlement for all applicants registered for the DV-2026 program ends as of September 30, 2026. DVs may not be issued to DV-2026 applicants after that date. Similarly, spouses and children accompanying or following to join DV-2026 principals are only entitled to derivative DV status until September 30, 2026. DV availability through the end of FY-2026 cannot be taken for granted. Numbers could be exhausted prior to September 30.

C. Availability of Family-Sponsored and Employment-Based Visas

Immigrant visa issuance rates have decreased in FY 2026, in part due to the policies the President has put in place since January 2025 to protect national security and the integrity of our immigration process, as well as the impact of posts that have faced limited or suspended visa operations in response to global events. Consequently, to make visas available in accordance with sections 201-203 of the INA to sufficient prospective immigrants to use immigrant visa numbers that are available in FY 2026, dates for filing and final action dates have been advanced across various immigrant visa categories throughout recent months. Note that as additional immigrant visa demand materializes, or administration actions are amended, retrogression may become necessary in the coming weeks to keep issuances within annual limits. Visa categories may become “Unavailable” prior to the end of the fiscal year if annual limits, category limits, or pro-rated per-country limits are reached. This situation is being continually monitored, and any necessary adjustments will be made accordingly.

D. Determination of the Numerical Limits on Immigrants Required Under the Terms of the Immigration and Nationality Act (INA)

The State Department is required to make the determination of the worldwide numerical limitations, as outlined in Section 201(c) and (d) of the INA, on an annual basis. These calculations are based in part on data provided by U.S. Citizen and Immigration Services (USCIS) regarding the number of immediate relative adjustments in the preceding year and the number of aliens paroled into the United States under Section 212(d)(5) in the second preceding year. Without this information, it is impossible to make an official determination of the annual limits. To avoid delays in processing while waiting for the USCIS data, the Visa Office (VO) bases allocations on reasonable estimates of the anticipated amount of visa numbers to be available under the annual limits, in accordance with Section 203(g) of the INA. On July 24th, USCIS provided the required data to the VO.

The Department of State has determined the Family and Employment preference numerical limits for FY-2026 in accordance with the terms of Section 201 of the INA. These numerical limitations for FY-2026 are as follows:

Worldwide Family-Sponsored preference limit: 226,000
Worldwide Employment-Based preference limit: 186,317

Under INA Section 202(a)(2), the per-country limit is fixed at 7% of the combined total family and employment annual limits. For FY-2026 the per-country limit is therefore 28,862. The dependent area annual limit is 2%, or 8,247. Note that these figures do not account for carryover provisions in accordance with INA 203(b)(5)(B). With these carryover visa numbers included, the per-country limit is 29,136 and the dependent area limit is 8,325.

E. Visa Availability in the Employment-Based First Preference (EB-1) Final Action Date for India

High demand and number use by aliens chargeable to India in the EB-1 visa category may necessitate making the category unavailable in the coming weeks if India's pro-rated limit in the EB-1 category is reached before the fiscal year ends. This situation will be continually monitored, and any necessary adjustments will be made accordingly.

F. Visa Availability in the Employment-Based Second Preference (EB-2) Category

Sufficient demand and increased number use in the EB-2 visa category may make it necessary to retrogress the final action date or make the category unavailable before the end of the fiscal year to hold number use within the maximum allowed under the FY 2026 annual limit. This situation will be continually monitored, and any necessary adjustments will be made accordingly.

G. Visa Availability in the Employment-Based Fifth Preference Unreserved (EB-5) Category

Sufficient demand and number use in the EB-5 unreserved visa category may make it necessary to retrogress the final action date or make the category unavailable before the end of the fiscal year to hold number use within the maximum allowed under the FY 2026 annual limit. This situation will be continually monitored, and any necessary adjustments will be made accordingly.

H. U.S. Government Employee Special Immigrant Visas (SIVs)

The National Defense Authorization Act (NDAA) for Fiscal Year 2024, signed into law on December 22, 2023, may affect certain current and former employees of the U.S. Government abroad, as well as certain surviving spouses and children of deceased employees of the U.S. government abroad, applying for SIVs or adjustment of status, as described in section 101(a)(27)(D) of the INA. This does not affect certain Iraqis and Afghans applying for SQ and SI SIVs. Applicants should contact the consular section at which they filed their Form DS-1884 for further information on the impact of that law on their case.
