Subject: Citizenship Resource Center Improved for Mobile Devices

Release Date: December 12, 2016

Beginning December 12, the free citizenship preparation and study materials in USCIS' [Citizenship Resource Center](#) will be easier to use from a smartphone, tablet or other mobile device. Among the improvements, the new design puts key navigational links inside a single "hamburger" icon like that found on many other mobile sites. This redesign follows the launch of mobile friendly design on other parts of uscis.gov and uscis.gov/es earlier this year.
