Re: ALVERIFY

On September 29, 2011 the State of Alabama passed the law which requires Proof of Citizenship. We are required to obtain drivers license information on everyone doing business with us to ensure you are an Alabama Citizen. As the Attorney for your client you will be responsible for their Citizenship so please verify this information before filing their documents with the Court. Therefore, we will require **YOUR** Driver's License information since you will be acting for your client.

Please contact the Recording Office or Probate Court with the following information: Last Name, Alabama License Number and License Expiration Date. You may receive a call from the Probate Office requesting this information.

We will set up a Master file for both the Recording Office and Probate Court so you will only have to give this information one time. However, upon your current expiration date you will have to give your new expiration date.
