

commenter also suggested extending the transition period for compliance with the proposal from 30 days to 60 days for issuers with pending initial listing applications.⁴⁷

Finally, one commenter opposed the proposal, stating it “would be unlawful and make for bad policy.”⁴⁸ This commenter stated that the proposal is “not necessary or appropriate to protect national security” and is “anti-competitive as it discriminates against certain Chinese issuers imposing additional, more onerous listing criteria on them than are imposed on other foreign issuers.”⁴⁹ Additionally, the commenter stated that the proposal does not provide adequate justification for being “writ[ten] . . . in terms of national origin.”⁵⁰

The Commission asks that commenters address the sufficiency of the Exchange’s statements in support of the proposal, which are set forth in the Notice, in addition to any other comments they may wish to submit about the proposed rule change, as modified by Amendment No. 1. In particular, the Commission seeks comment on whether the proposal to impose heightened initial listing requirements on China-based issuers is designed to be consistent with the requirements of Section 6(b)(5) of the Act⁵¹ or raises any new or novel concerns not previously contemplated by the Commission.

IV. Procedure: Request for Written Comments

The Commission requests that interested persons provide written submissions of their data, views, and arguments with respect to the issues identified above, including the issues raised by commenters and the Exchange’s response, as well as any other concerns they may have with the proposal. In particular, the Commission invites the written views of interested persons concerning whether the proposed rule change, as modified by Amendment No. 1, is consistent with Sections 6(b)(5) or any other provision of the Act, or the rules and regulations thereunder. Although there do not appear to be any issues relevant to approval or disapproval that would be

facilitated by an oral presentation of data, views, and arguments, the Commission will consider, pursuant to Rule 19b–4 under the Act,⁵² any request for an opportunity to make an oral presentation.⁵³

Interested persons are invited to submit written data, views, and arguments regarding whether the proposed rule change, as modified by Amendment No. 1, should be approved or disapproved by January 13, 2026. Any person who wishes to file a rebuttal to any other person’s submission must file that rebuttal by January 27, 2026. The Commission asks that commenters address the sufficiency of the Exchange’s statements in support of the proposal, in addition to any other comments they may wish to submit about the proposed rule change.

Abstract of Proposed Collection

The DS–7794 is completed by panel physicians to report the medical status of visa applicants; refugees; follow-to-join refugees and asylees; and certain parolees. The form records the medical information necessary to determine whether an alien has a medical condition affecting his or her eligibility for a visa or immigration benefit. The information requested is limited to the result of any diagnostic tests required for the diagnosis of diseases identified as communicable diseases of public health significance, as well as other evaluations identified as necessary to confirm a medical ineligibility under INA § 212(a)(1), 8 U.S.C. 1182(a)(1) or to comply with other requirements. Collecting this information is essential to protecting public health in the United States.

Methodology

A panel physician, designated by the consular post, performs a medical examination of the applicant and completes the electronic form in the eMedical portal in accordance with instructions issued by the Centers for Disease Control (CDC). The information collected is retained by the Bureau of Consular Affairs and available to the CDC and DHS.
