The purpose of this memorandum is to summarize the agreements which the INS has made with the various professional sports leagues regarding the processing of petitions for temporary workers.

The INS has reached agreements with the Women's NBA, Major League Baseball, and the National Hockey League to allow those leagues to file their petitions at the Nebraska Service Center. In addition to the above, the Director of the Nebraska Service Center has the authority to process any other temporary worker petitions filed by a professional sports league, and to process any petition for an athlete or for sports personnel.
