Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities Under Emergency Review by the Office of Management and Budget

The Substance Abuse and Mental Health Services Administration (SAMHSA) has submitted the following request (see below) for emergency OMB review under the Paperwork Reduction Act (44 U.S.C. Chapter 35). OMB approval has been requested by December 26, 2003. A copy of the information collection plans may be obtained by calling the SAMHSA Reports Clearance Officer on (301) 443-7978.

Title: SAMHSA Application for Peer Grant Reviewers.

OMB Number: 0930-New.

Frequency: On-occasion.

Affected public: Individuals or households.

Section 501(h) of the Public Health Service (PHS) Act [42 U.S.C. 290aa] directs the Administrator of the Substance Abuse and Mental Health Services Administration (SAMHSA) to establish such peer review groups as are needed to carry out the requirements of Title V of the PHS Act. SAMHSA administers a large discretionary grants program under authorization of Title V, and for many years SAMHSA has funded grants to provide prevention and

treatment services related to substance abuse and mental health.

SAMHSA efforts to make improvements in the grants process have been shown by the restructuring of discretionary award announcements. In support of these efforts, SAMHSA desires to expand the types of reviewers it uses on these grant review committees. To accomplish that end, SAMHSA has determined that it is important to proactively seek the inclusion of new and qualified representatives on its peer review groups, and accordingly SAMHSA has developed an application form for use by individuals who wish to apply to serve as peer reviewers.

The application form has been developed to capture the essential information about the individual applicants. Although consideration was given to requesting a resume from interested individuals, it is essential to have specific information from all applicants about their qualifications; the most consistent method to accomplish this is completion of a standard form by all interested persons. SAMHSA will use the information about knowledge, education and experience provided on the applications to identify appropriate peer grant reviewers. Depending on their experience and qualifications, applicants may be invited to serve as either grant reviewers or review group chairpersons.

The following table shows the response burden estimated for the first year.

Number of respondents	Responses/respondent	Burden/Response, (hrs)	Total burden hours
500	1	1.5	750

Emergency approval is being requested because of the importance of including representatives of faith-based and community organizations as peer reviewers of grant applications at the earliest possible time in the FY 2004 review cycle. Upon receipt of OMB approval for this submission, SAMHSA will place this form on its Web site at <http://www.samhsa.gov> and will widely publicize its availability.

Written comments and recommendations concerning the proposed information collection should be sent within two weeks of this notice to: Lauren Wittenberg, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503; due to potential delays in OMB's receipt and processing of mail sent through the U.S. Postal

Service, respondents are encouraged to submit comments by fax to: 202-395-6974.

Dated: December 8, 2003.

Anna Marsh,

Acting Executive Officer, SAMHSA.

The DHS intends to compile and maintain these records in a secure electronic database serviced and maintained by Federal agency and or contractor personnel who will be bound by the restrictions of the Privacy Act. DHS/ICE CBP-001-03

SYSTEM NAME:

Arrival and Departure Information System (ADIS).

SYSTEM LOCATION:

Department of Homeland Security (DHS) field offices for the U.S. Immigration and Customs Enforcement (ICE), Bureau of Customs and Border Protection (CBP), and the U.S. Citizenship and Immigration Services (USCIS); Service Centers; Border Patrol Sectors (including all offices under their jurisdiction); Ports of Entry; Asylum offices and other offices as detailed in DHS-DS-999, last published in the **Federal Register** on October 17, 2002 (67 FR 64136) and on the web page of each bureau (*i.e.*, <http://www.bice.immigration.gov>, <http://www.bcbp.gov>, and <http://www.bcbp.gov>).

www.uscis.immigration.gov); Office of National Risk Assessment (ONRA).

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

The ADIS database contains arrival/departure, biographic and biometric indicator information on immigrants and nonimmigrants entering and departing the United States. The ADIS database contains biographic arrival/departure information on legal permanent residents. Although this system primarily consists of immigrants, nonimmigrants and Lawful Permanent Residents, some of them may change status and become Lawful Permanent Residents and U.S. citizens. For the purposes of the U.S. Visitor Immigrant Status Indicator Technology (US-VISIT) program, non-U.S. citizens who present themselves for entry into and/or exit from the United States including individuals subject to the requirements and processes of US-VISIT are included in ADIS. Individuals covered under US-VISIT include those who are not U.S. citizens or Lawful Permanent Residents at the time of entry or exit or are U.S. citizens or Lawful Permanent Residents who have not identified themselves as such at the time of entry or exit.

CATEGORIES OF RECORDS IN THE SYSTEM:

The ADIS database is a centralized application designed to create, update and report immigrants' and nonimmigrants' arrivals and departures to and from the United States. The system also contains biographic, biometric indicator and address information.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:
8 U.S.C. 1365a.

PURPOSE(S):

This system of records is established and maintained to enable DHS to carry out its assigned national security, law enforcement, immigration control, national security and other mission-related functions and to provide associated management reporting, planning and analysis. Specifically, the ADIS database is a system of records tracking immigrants, nonimmigrants and Lawful Permanent Residents arriving in and departing from the United States. It enables the Secretary of Homeland Security to identify, through on-line searching procedures, lawfully admitted nonimmigrants who remain in the United States beyond the period of authorized stay, and to analyze information gathered for the purpose of this and other DHS programs. In addition to arrival and departure information, each record also provides complete name, date of birth,

nationality, gender, passport number and country of issuance, country of residence, U.S. visa number including date and place of issuance if applicable, alien registration number if applicable, immigration status, complete address while in the United States, and Fingerprint Identification Number System (FINS) number. The system assists the DHS in supporting immigration inspection at POEs by providing quick retrieval of biographic and biometric indicator data on individuals who may be inadmissible to the United States. Furthermore, the system interfaces with the Student and Exchange Visitor Information System (SEVIS), the Computer Linked Applications Information Management System (CLAIMS), the Passenger Processing Component of the Treasury Enforcement Communications System (TECS) and the Automated Fingerprint Identification System (IDENT). It facilitates the investigation process of individuals who may have violated their immigration status.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM INCLUDING CATEGORIES OF USERS AND PURPOSE OF SUCH USES:

Relevant information contained in this system of records may be disclosed as follows:

A. To appropriate government agencies or organizations (regardless of whether they are Federal, State, local, foreign, or tribal), lawfully engaged in collecting law enforcement intelligence information (whether civil or criminal) and/or charged with investigating, prosecuting, enforcing or implementing civil and/or criminal laws, related rules, regulations or orders, to enable these entities to carry out their law enforcement responsibilities.

B. To an attorney or representative who is acting on behalf of an individual covered by this system of records as defined in 8 CFR 1.1(j) in any proceeding before the Executive Office for Immigration Review.

G. To contractors, grantees, experts, consultants, students, and others performing or working on a contract, service, grant, cooperative agreement, or other assignment for the Federal government, when necessary to accomplish an agency function related to this system of records.

H.
